

A photograph of a modern office interior. The space features large glass walls on the left, revealing an open-plan office with desks, computers, and people working. The ceiling is made of exposed wooden beams with numerous white cylindrical pendant lights hanging from it. In the foreground, there are green plants and a glass railing. The overall atmosphere is bright and professional.

ABM Technical Solutions

Founded in
1909

\$6.4Billion
in Revenue

Leading Provider
of Facility Solutions

ELECTRICAL

We've installed
8,000+ EV
Charging Ports
across the U.S.

ENERGY

We've reduced
our clients'
average energy
use by **23%**

FACILITIES ENGINEERING

Our **3,800+**
Certified Engineers
keep buildings running

HVAC & MECHANICAL

We service and maintain
78,000+
heating and
cooling systems

JANITORIAL

SERVICES

HVAC & MECHANICAL

- HVAC System Design
- Equipment Repair, Retrofits & Replacements
- Commissioning & Re-Commissioning
- Proactive & Preventive Maintenance
- Control Upgrades
- Energy Audits
- Measurement & Verification
- Energy Audits & Management
- Chillers & Plant Equipment

ABM Building Solutions (Union)
ABM Building Services (Non-Union)

Provides commercial, industrial, & institutional building owners & facility managers with reliable, cost-effective mobile HVAC service and energy solutions.

SERVICES

ELECTRICAL & LIGHTING

- Advanced Lighting Controls
- Installation, Design and Certification
- Repair, Retrofits, Replacements & Upgrades
- EV Charging Stations
- Exit/Emergency Lighting Systems
- Ultrasonic Pole Inspections and Pole Replacement
- Group Relamping
- Landscape & Sign Lighting
- Proactive & Preventive Maintenance

ABM Electrical & Lighting Solutions

Provides clients with energy efficient & cost-effective solutions that enhance both the interior and exterior lighting throughout their facilities.

SERVICES

ELECTRICAL POWER

- Acceptance & Power Quality Testing
- NETA & NFPA 70E Certification and Accreditation
- Manage, Operate, & Maintain equipment 24/7/365
- EV Charging Stations
- Arc Fault/Flash Prevention
- Infrared Thermal Imaging
- Proactive & Preventive Maintenance
- Training Programs
- Repairs, Replacements and Upgrades
- Commissioning Start-Up

ABM Electrical Power Solutions (Union)
ABM Electrical Power Services (Non-Union)

Specializes in managing the life cycle of electrical distribution systems to help mitigate the risks to power systems nationally and internationally.

SERVICES

MISSION CRITICAL SOLUTIONS

- 
- Operations and Maintenance Programs
 - Program Management
 - Change Management
 - Lifecycle Analysis
 - Project Management
 - Turnkey Infrastructure Upgrades and Installations
 - Facility Assessments & Optimization
 - Commissioning Assistance

ABM Facility Support Services, LLC

Our team delivers higher reliability and efficiency while lowering risk and operating cost.

Provide Critical Facilities with operations, maintenance and specialized technical services.

Single point of contact for complex technical programs, assessments and deployments.

Commercial and Government facilities and maintain a Top-Secret facility clearance.

SERVICES

EMOBILITY & ELECTRICAL INFRASTRUCTURE

- Active Load Management
- Full Range of EV Charging Stations
- EV Infrastructure Design Build
- Commercial EV Infrastructure
- National Service & Maintenance
- EV Networking
- Solar & Battery Storage
- Customer Revenue Stream
- Smart Parking
- Fleet Electrification
- Vehicle to Grid Charging
- Power Management

ABM Electrical Power Services

16,000+ charging ports
installed in North America

Preferred Vendor for
multiple automotive OEM
dealer electrification
programs

Dedicated team of Program
Management and EV
Design Engineering
professionals

Qualified to install and
service all types of EV
chargers

SERVICES

PERFORMANCE CONTRACTING (BES)

- Initial Feasibility Analysis
- Measurement & Verification
- Engineering Calculations & Design
- Repairs, Replacements, Retrofits & Upgrades
- Identification & Processing of Utility Rebates & EPA Tax Incentives
- Structuring Financing Terms to Generate Positive Cash Flow
- Commissioning & Retro-Commissioning
- On-Site Training

ABM Bundled Energy Solutions (BES)

High-efficiency conservation, facility modernization & technical service program that addresses both facility upgrades & funding needs of clients.

**Performance Contracting serviced out of HVAC & Maintenance Locations.*

SERVICES

HEALTHCARE TECHNOLOGY MANAGEMENT (HTM)

- Asset/Technology Management
- Service Contract Management
- Medical Device Integration
- Medical Device Cyber Security
- Risk Mitigation
- Medical Equipment Capital Planning
- Equipment Life Cycle & Cost of Ownership
- Enhancing Patient & Customer Experience

ABM Healthcare Technology Management

Providing medical equipment maintenance and repair services for hospitals, ambulatory care, imaging centers, rehabilitation centers and nursing homes.
