

Turnkey Charging Solutions

ABM will provide a contract for signature for desired charger packages including terms and conditions.

PRICING ASSUMPTIONS

That the client supplied power is located within 10 feet of the first charging station and has sufficient power capacity and breaker space to supply the chargers listed below. That all conduits are surface mounted EMT conduit. That existing conditions comply with Local and National Electrical Code (NEC)/Canadian Electrical Code (CEC). Otherwise, additional charges may be applied with customer approval.

INCLUDED IN SCOPE

- EV chargers
- Circuit breakers
- Conduit and wire
- Activation
- (2) Two years of standard warranty
- (1) One year of cloud network
- (1) One year of Preventive Maintenance (1 visit / year)

Packages

Level 2 Installed	Qty	Wall Mounted	Price Per Charger	Pedestal Mounted	Price Per Charger	Available Power Required
A – 7.2kW chargers	2	\$19,100	\$9,550	\$20,800	\$10,400	50A @ 208V, 3p,4w
	4	\$32,400	\$8,100	\$36,200	\$9,050	100A @ 208V, 3p,4w
	5	\$39,700	\$7,940	\$44,500	\$8,900	125A @ 208V, 3p,4w
	6	\$46,900	\$7,817	\$52,000	\$8,667	150A @ 208V, 3p,4w
	8	\$64,300	\$8,038	\$71,300	\$8,913	200A @ 208V, 3p,4w
	10	\$80,400	\$8,040	\$89,000	\$8,900	250A @ 208V, 3p,4w
B – 19.2kW chargers	2	\$22,900	\$11,450	\$24,600	\$12,300	125A @ 208V, 3p,4w
	4	\$40,400	\$10,100	\$43,900	\$10,975	225A @ 208V, 3p,4w
	5	\$49,400	\$9,880	\$54,200	\$10,840	350A @ 208V, 3p,4w
	6	\$59,000	\$9,833	\$64,200	\$10,700	400A @ 208V, 3p,4w
	8	\$79,600	\$9,950	\$86,500	\$10,813	500A @ 208V, 3p,4w

DCFC Installed	Qty	Wall Mounted	Price Per Charger	Pedestal Mounted	Price Per Charger	Available Power Required
C – 22kWDC wall box	1	\$25,500	\$25,500	\$29,600	\$29,600	45A @ 480V, 3p,4w
	2	\$48,200	\$24,100	\$56,200	\$28,100	90A @ 480V, 3p,4w

DCFC Installed Packages	Qty Chargers	Floor Mounted	Price Per Charger	Available Power Required
D – 50kWDCFC	1	\$68,000	\$68,000	90A @ 480V, 3p,4w
	2	\$128,000	\$64,000	175A @ 480V, 3p,4w
E – 120kWDCFC	1	\$110,000	\$110,000	225A @ 480V, 3p,4w
	2	\$215,000	\$107,500	450A @ 480V, 3p,4w
F – 180kWDCFC	1	\$135,400	\$135,400	350A @ 480V, 3p,4w
	2	\$262,000	\$131,000	700A @ 480V, 3p,4w

Years of Preventive Maintenance (in addition to 1yr base)

	2	3	4	5
Level 2 (per 1 - 6 ports)	\$1,200	\$2,400	\$3,600	\$4,800
DCFC (per station)	\$1,200	\$1,500	\$2,250	\$3,000

Years of Network (in addition to 1yr base)

	2	3	4	5
Level 2 (per port)	\$240	\$480	\$720	\$960
DCFC (per port)	\$450	\$900	\$1,350	\$1,800

Extended Warranties (parts only) per station

	3	4	5
7.2kW	\$233	\$466	\$700
19.2kW	\$633	\$1,267	\$1,900
24kW	\$924	\$2,032	\$3,325
50kW	\$1,533	\$3,066	\$4,600
120kW	\$2,685	\$5,372	\$8,059
180kW	\$3,384	\$6,764	\$10,148

Extended Warranties (parts and labor) per station

	3	4	5
7.2kW	\$633	\$1,266	\$1,900
19.2kW	\$1,133	\$2,267	\$3,400
24kW	\$3,155	\$2,032	\$7,044
50kW	\$4,033	\$3,066	\$9,600
120kW	\$5,371	\$5,372	\$15,985
180kW	\$6,424	\$6,764	\$18,073

Site Options (per charging station)

EV Striping	ADA-Stall Striping	EV Signage	(2) Bolt-Down Bollards	Wheel Stops
\$315	\$630	\$130	\$1,000	\$320

EXCLUSIONS

Pricing excludes any fees or considerations for the following:

Trenching or below ground electrical work, alternate installations than outlined, DOT regulations, landscaping or concrete repair, customer-furnished equipment, utility and service upgrades, repairs to existing electrical equipment, arc-flash and short-circuit studies, non-operational/defective materials, abatement of hazardous materials, significant project delays, drywall cutting or patching, work on energized equipment, core upgrades to existing circuits, boosting of cellular signal, traffic control, and utility fees. Equipment and network pricing are subject to change.

EV striping, ADA accommodation, bollards, wheel stops and signage are optional per site.

CLARIFICATIONS

1. Permitting does not include additional requirements from zoning issues or previous site problems with municipalities.
2. Signal boosting of wireless signals may be needed upon completion of installation. A separate quote for signal extending antenna will be provided if required.
3. Due to recent volatile markets and significant price fluctuations, ABM reserves the right to adjust pricing based on the LME copper and LME steel index. If the index increases over 2% from the time of proposal to the time of installation, ABM will apply the market increase percentage to the total price.
4. Sales taxes will be charged at time of invoicing and pricing may change due to local tax code and tax status.
5. ABM terms and conditions will apply to all stated pricing. Assumes signing ABM contractual documents.
6. Pricing valid for 30 days and based upon the above clarifications.
